

BAT SHLOMO

Bat Shlomo Healing Center

A Jewish holistic health sanctuary in the Galilee

The restored stone farmhouse and 1.2-acre medicinal garden, Bat Shlomo

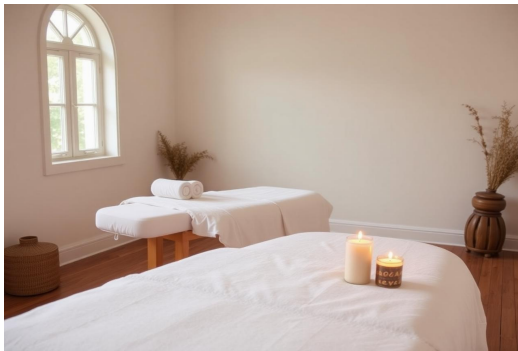

Investor & Major-Donor Packet · 2026

Executive Summary

The Jewish Healing Center at Bat Shlomo integrates treatment rooms, a medicinal herb garden, a 120-seat conference center, a farm-to-table café kitchen, and a healing concert series — anchored in a restored stone farmhouse in the Galilee. Programs are delivered with To Work and To Guard and Holy Land Herbs, with US tax-deductible giving via Fruit Trees 4 Israel.

We are raising capital to complete the restoration, fit out four treatment rooms, expand the conference center's audio-visual systems, and seed the apprenticeship scholarship fund.

The Spaces

Treatment & resident-practitioner rooms

1.2 acres of medicinal gardens with Holy Land Herbs

Conference center — 120 seats with breakout space

Olive pavilion — healing concerts & gatherings

Operating Model & Revenue Streams

Farm-to-table café kitchen, sourcing from the medicinal garden

Total revenue	1,560,000
Total operating costs	1,290,000
Net surplus (reinvested)	270,000

Impact & The Ask

Resident practitioners and apprentices in the gardens

Three-Year Vision

By year three: a fully booked treatment calendar; two annual apprenticeship cohorts; 60+ conference bookings annually; a six-day-per-week café; a 12-concert healing series with named patrons; an apothecary distributed across Israel; 1,500+ fruit trees planted with partners; an endowed scholarship fund for Israeli youth and survivors of trauma.

How To Partner

We welcome conversations with values-aligned investors, foundations, and major donors. Capital tiers, naming opportunities, and US-deductible pathways via Fruit Trees 4 Israel are detailed in the Capital Plan and Partnership Brief.
